Historic Augusta Seeking Nominations for 2015 Endangered Properties List

Historic Augusta is seeking nominations for properties to be listed to the 2015 Endangered Properties List. The list, like those compiled by the National Trust for Historic Preservation and other statewide and local preservation organizations, attracts the attention of investors, politicians and other interested groups who might not otherwise be aware of the historic gems in the community. The list will also help to focus the organization's and the community's energy on historic buildings with the greatest need or those which represent a particular type which also have a chance of being preserved through solution-oriented grass roots efforts. Criteria for listing includes but is not limited to demolition by neglect, threat of demolition or insensitive alteration. The building should also be eligible for listing to the National Register of Historic
